# ABOUT US

Steel Shine is the parent brand as well as the pioneer which has been leading the market segment of kitchen cleaning utensils since 1994. With new decades, our **vision** has been to develop products which are of high quality, convenient, economical and effective. We started as a Steel Scrubber manufacturing unit of 40 square yard factory to a multi-product manufacturing space 10,000 square yard in total. We are one of the largest importer, manufacturer, distributor and consultants of cleaning products in India. We have an in **house facility of manufacturing** of all types of scouring pads, be it rust cutting, non scratch or even face scrubbing scouring pads. We are the **Original Equipment Manufacturers** for Steel Foam Pad, Scouring Pad, Steel Scrubber and many more to many big brands in India. We have a good market share of our products in the South Asia and Middle-East.

# Steel Shine<sup>®</sup>

Steel Shine, established in 1994, is a pioneering brand in the kitchen cleaning industry. From humble beginnings in a small 40-square-yard factory, it has grown into a major player with a 10,000-square-yard manufacturing space. Steel Shine specializes in high-quality, convenient, and affordable cleaning products, including scouring pads, steel scrubbers, and more. The company is one of India's largest importers, manufacturers, distributors, and consultants for cleaning products, with a strong presence in South Asia and the Middle East. Additionally, Steel Shine is an **Original Equipment Manufacturer (OEM)** for several big brands in India.
